How to Find Articles in Education Databases

*Go to the Burke Library home page*  [http://libguides.shc.edu/burkelibrary](http://libguides.shc.edu/burkelibrary)

*Click on Library Resources / Electronic Databases*
Change “All Subjects” box to “Education”

Off Campus Access

To use a library database off campus, select a database link from the list. If you are off campus, a window will pop up asking you to enter your SHC username and password, which is the same ones you use to log into BadgerWeb. Once logged in, you can use the databases as if you were on campus.
After choosing a database, enter search words to find articles on your topic.

For more tips in searching for articles, go to the Burke Library home page

Choose: Library Resources / Teacher Education Library/ Finding Articles.
